

CITY OF HILLCREST VILLAGE HIGHLIGHTS

*Recognizing the people
volunteering their time
and talents for our village*

ISSUE NO 3 | AUGUST - 2022

FOOD TRUCKS - BAND - REPTILES

Thank you to everyone who came out for our Food Truck events from May, June, and July. It was great to see so many folks coming out to support the efforts. We also appreciate the South Street Blue Grass Band for braving the heat to put on a fantastic show for our neighborhood. We love seeing the talents of our neighbors and their friends. Plus, it was fun to see Audrey Hatley encouraging some of our youngest residents to join the band to sing a few songs, and Dave Stevens for reaching out to a few neighbors to join them too.

In July we tried a new event for everyone. With the rain and unknown weather, we didn't know if the show would go on, but luckily everyone was willing to try to make it work. We had Rad Reptilia come out with her rescue reptiles. Rad Reptilia gave an educational show helping to teach everyone how to respect and care for reptiles. Everyone had a chance to be up close to the critters and even had a chance to hold several of them too!

(Send any future ideas for community involvement to Kory IZard Wrobliski)

DRAINAGE IMPROVEMENTS

The council and John Patterson have been working to understand the storm drains. The cameras and their operators were provided by the City of Alvin through an Inter local agreement that the county has with the City of Alvin

TOPIC 01

Food Truck events were a success. Thank you to everyone who came out to support the efforts!

TOPIC 02

Trouble shoot problem areas in the drains

TOPIC 03

Meet our Police Officer Johnathon Merchant

TOPIC 04

Our generators have been serviced and they are ready for hurricane season

The Brazoria County Drainage District also worked on the drainage pipe between 123 and 121 E Sherwood Street. Thank you to everyone who has continued to contact the Drainage District to help get the improvements we need for our residents!

MEET YOUR POLICE OFFICER

When you are out in the neighborhood, take the time to get to know our police officer **Johnathon Merchant**. Johnathon has been part of law enforcement for several years with experience at Friendswood PD and Manvel PD. At Manvel PD, Johnathon was a Traffic Unit which consisted of enforcing traffic laws, working accidents and DWI's. Additional courses were required to be taken by him for this specialty unit. After being there for a few years, Johnathon changed it up by going to the plant for an office job. Wanting to keep his law enforcement certification up that he worked hard to achieve, Johnathon joined the City of Hillcrest Village. Working in the Village, it has given him the opportunity to blend his life at the plant, his family, and law enforcement together. He is a local guy who grew up here in Alvin and is also raising his family here too. He is married with two daughters who all keep him busy on his free time.

Johnathon shared that he has enjoyed working in the Village with so many friendly people willing to take the time to get to know him. He wants to continue meeting more of the neighbors, and he hopes this article encourages more people to reach out to him.

GENERATORS ARE SERVICED AND READY

Kendall McGilvray and John Patterson worked to ensure our generator contracts were honored and the service was completed. See the pictures below of them being serviced.

Also, Travis Hobbs found a potential Federal Grant for us to apply for funding for a new water well generator near the community center. Working as a team, Travis, Kory, and Preston worked to understand the paperwork involved and how to apply. We made the deadline and now the application is being reviewed to see if the City of Hillcrest Village will be awarded the funds.
