

Ray Felder

My wife and I moved to Hillcrest in the early '90s and raised three kids here. We loved that we could let them roam the neighborhood on their bikes without a second thought. We knew the neighbors on our street by name and stopped in each others yards just to talk. We love the community we found in Hillcrest. After more than a decade here we moved away to be closer to my work. But when it was time to come back we came back to Hillcrest.

Why I'm Running

I want the young families moving in today and the ones who haven't arrived yet to have what we had. Safe streets, good neighbors, and a place where kids can just be kids and parents don't have to worry. Hillcrest gave that to my family, and I want to make sure it's still there for the next generation. I'm not a politician. I spent my first career running an agri business, then built a second one working in energy infrastructure. I've learned how to manage people, solve problems and keep projects going. I'd like to put all of that to work for this community.

What I'll Focus On

Water and Wastewater: Our aging systems need to be upgraded and I intend to devote my energy towards making this happen

Code Enforcement: I support the idea of having our own judge and clerk and holding court in Hillcrest to strengthen code enforcement and traffic laws within our neighborhood. I will do my best to be accessible and straightforward in dealing with the issues at hand.
