

Hello Hillcrest Village,

I am Sarah Early Simoneaux and I am running for election to a full term as an Alderman for the City of Hillcrest Village. As a resident for more than sixty years, our city has been a great place to grow up and to raise my family. I began attending council meetings in August 2019 and was appointed to fill an unexpired term in December 2020. I was honored to be elected to serve a full term in 2021. Our city has a dedicated council and mayor. I would appreciate the opportunity to serve with them again. As a retired teacher, I look forward to adding my skills to those of our current council to see the city make progress in three specific areas. First, we need to do some serious work to improve our water and sewer systems. The council is taking steps to ensure that improvement is done in a timely and cost-efficient manner. Second, our city website gives us one way to communicate with residents, I will work to improve it and to find additional ways to reach out to residents using social media. Third, our council has made a commitment to building spaces for children and adults to gather for fun. The addition of the playground at our park is an example of the type of project that will make Hillcrest Village an attractive place for families to call home. I would appreciate your vote to work on behalf of our city.
